WHAT YOU GET

A read on your data starting point, four deliverables deep.

01 Data Readiness Score

Structured evaluation across five dimensions: data foundations, architecture, governance, security, and AI use-case readiness.

02 Quick-Win Identification

Two to three opportunities you can act on in 30 to 60 days across OneLake, Microsoft Purview, and data quality.

03 Fabric Readiness Snapshot

An honest read on whether your data is ready for a Microsoft Fabric build or needs foundational work first.

04 Recommended Next Step

One clear recommendation: a Fabric POC, a Fabric Performance Review, or targeted foundational work.

HOW IT WORKS

Three steps. Scorecard delivered within 24 hours.

01 · PREP

5 minutes, before kickoff

Short intake form

Data sources, stack, rough volumes, and your top data challenges. Five-minute form.

02 · LIVE SESSION

60 minutes

Structured conversation

A senior Azure data engineer walks each readiness dimension and maps where Microsoft Fabric creates real value.

03 · DELIVERABLE

Within 24 hours

Data Readiness Scorecard

Readiness rating, prioritized quick wins, and recommended next step. Yours to keep.
